Post Office Plans Go Before City Tonight

City Planners tonight will be asked to approve plans for four new construction projects in Campbell, one of which is the new post office building and another the first unit in the new industrial park, at the south city limits.

The Commission will meet at 7:30p.m. at the City Hall.

On the agenda tonight in a return engagement is the application of William King for approval of his plans for a 14-unit apartment building on the corner of Central and Harrison. At the previous meeting King agreed to make several minor changes in his plans at the suggestion of the Planners.

Henry Jewell and [illegible] Jensen are requesting approval of plans for the new post office building on the old Methodist Church property at First St. and Campbell Ave. as per instructions from the Post Office Department.

On the industrial side of the picture is the application of Ludeman-Townsend Co., for approval of a warehouse building to be constructed on Dell Ave. at the proposed Sunny Oaks "cut-through". This is in the new industrial park area of Campbell which is now in the process of being annexed. The application is the first to be processed for this area.

Also on the agenda is the application of Inazo Noda for a nursery to be located at 755 Dell Ave. in the same general industrial area.

Patrick Baymiller is requesting approval of a veterinary hospital on the north side of Hamilon Ave. near the Los Gatos Creek to complete the list of requests.

The tentative subdivision map of the Quito Rancho continued from previous meetings will again come before the Commission for approval. The approval is asked for by the AD-Mor Enterprises.

The commission is also expected to take final action on changing the meeting dates. The Planners had voted previously to meet every other Monday (alternating with the city council) night but this change has been frowned on by the City Council.

Car-Train Clash But Driver Okay

A young woman driver has only slight injuries to show for an experience Wednesday evening that is not considered the way to keep healthy and live a long life.

She tangled with a train at the Campbell crossing right in the heart of town and was able to walk out of the hospital after a preliminary examination.

That is much, much, more than can be said for her car. Its front end was badly bashed in and it had to be towed away.

According to the Campbell police report, Mary L. Everett, 22, 163 San Tomas Road, Campbell, apparently drove right smack dab into the locomotive of Train 193 just as it was moving across the crossing. Witnesses report the wig-wags were working at the time.

Conductor of the commuter train which passes through here at 7:20 on its way to San Jose from Los Gatos was Harry F. Spencer, 254 S. Craigmont, San Jose.

Sgt. John Morgan and Officer Don Burr of the Campbell police investigated the accident.

GET FEDERAL MONEY

Campbell elementary school district has received Federal money to be used for planning of another school in the district, Lyn Haven on Cypress Ave. north of Williams, Superintendent William C. Henley reported this week. It is hoped to start the construction of this school in the fall. Bids will be opened on the Blackford School on Tuesday, May 28, he also reported.

On The Line in Campbell

Faced with a desperate financial situation because many members are delinquent in paying their dues, the Campbell Chamber of Commerce will hold a general membership meeting on Tuesday, June 4 at the conference room in the City Hall, Douglas Beatty, president reported this week.

The call for the meeting was made by the directors Tuesday night after a financial report showed that the Chamber of Commerce was in dire financial straits.

Melodrama Opens Three-Day Fete

When the curtain goes up tomorrow at 8:15 p.m. on the Footlighters three-act melodrama in the Campbell High School auditorium, the 65th Annual Old Settlers Day celebration officially will be launched.

Weeks of preparation forecasts the greatest celebration in its 65 years of existence in this community with the largest parade in local history, scheduled to move down Campbell Ave. on Sunday promptly at 2 p.m., providing a fitting climax to the three-day festivities.

Queen Bobbie Little

Bobbie Little will reign as queen of the celebration. She won this honor by selling the most tickets to the Footlighters' production "Caught in the Villain's Web or More Sinned Against Than Sinning". The hiss-and-boo play will also be given at a matinee on Saturday at 2:15 p.m. in the high school auditorium.

Queen Bobbie will be crowned by Mayor John M. Chargin during the intermission of the melodrama tomorrow night. Runners-up for the queenly honors, Joan Faulkner and Lucille Bova will be in attendance at the coronation also as will be the other candidates, Lovelee DeBois, Donna Silva, Barbara Tilley, Pat Cramer and Donna Whitaker.

Square Dance - Carnival

A square dance sponsored by Lee Bros. on the market's parking lot on Saturday night starting at 8:30 is Saturday's major attraction. Two well known callers, Lou Hughes and Eddie Trimpey will act as MC's of this event which is under the direction of Eddie Wright, manager of Lee Bros. The dance is free to the public.

The carnival, providing rides, concessions and eats, will be operating full blast for three days at Winchester Road and Latimer adjacent to Lee Bros. praking lot. The carnival will run from 2 p.m. to midnight on Friday, Saturday and Sunday. A number of local civic organizations will also operate booths on the carnival grounds.

After the parade the Country Woman's Club, under the direction of Mrs. William Gould, will hold a reception at the Clubhouse at which the old settlers will also be honored.

TALK ABOUT SALARIES

This Thursday the board of trustees of the Campbell elementary school district will meet with a committee of teachers, headed by Oliver Pierce to discuss salary proposals for the next year. The minimum salary for the district now is $4000 for regularly credited teachers and $6000 is the maximum.

DO-SE-DO and AWAY YOU GO. . . Above is a typical scene that will be enacted this Saturday night on the parking lot of Lee Bros. when a square dance will take place as part of the 65th Annual Old Settlers Celebration. Sponsored by Lee Bros., the dance is free to the public. (The above shot was made recently at the Dover School and that's Lou Hughes at the mike. Lou will be on hand Saturday also.)

Two Cities He[illegible] Zoning Report

Los Gatos and Campbell city officials got togeher Tuesday night in Campbell to discuss a mutual problem, (the proposed industrial park that is in both cities) and to hear the report of their joint committee on industrial standings.

Representing Campbell on the committee were Planning Commissioners Homer Hyde and James Tomlinson while George P. Tobin and Marc Vertin, represented Los Gatos. Nestor Barrett, Planning consultant of both cities, acted as advisor of the committee.

No action was aken at the meeting at which a 42-page report was distributetd containing the committee's recommendation. However, a number of industrialists present indicated that they disliked the acreage minimum that would be imposed.

The two cities will now take stteps to adopt them into law throught appropriate zoning measures.

RITES TODAY FOR DOROTHY PRUESS

Final ritees will be held at 2 p.m. this afternoon at Campbell Memorial Chapel for Mrs. Dorothy Mae Pruess, 48, of 815 Smith Ave., who passed away Saturday after suffering a heart attack in downtown San Jose.

A native of Ohio, she had lived in Campbell for the past seven years. She was a journeyman metalsmith, employed by Hiller Helicopters of Palo Alto.

She leaves her husband, Achim; two daughters, Mrs. Marge Larimore of San Jose and Mrs. Virginia Wardell of Texas; two sons, Buddy Stewart of San Jose and Arthur Press of Campbell and a granddaughter.

Interment will be in Oak Hill Memorial Park.

Graduates of '07 To Hold Reunion

Campbell High School graduates of fifty years ago will get together Saturday for a reunion and attend the 65th Old Settlers' celebration in search of friends. Their last reunion was held 20 years ago.

At least half of the 21 graduates of '07 are expected to attend the celebration, according to Stanley B. Smith, who is making the arrangements with the assistance of Mrs. Ethel Hyde Williams and Mervyn S. Keesling.

Gathering from all parts of the state, the former classmates will hold a "Reunion Luncheon" at The Virginian at 12:30 noon and reminisce on the happenings of the last fifty years. After lunch they will be conducted on a tour of the present high school by Laurance J. Hill, superintendent of the high school district; and Samuel P. Reed, principal of Campbell High School.

During the afternoon they plan to renew acquaintance with as many old friends as they can locate among the "Old Settlers".

Reservations received so far include Dean Kennedy Spaulding of Huntington Park, California; Lela Oliver of Santa Cruz; and Floyd Bell, a retired doctor from Pebble Beach; and the three members of the Campbell committee. Others are expected today.

SPEEDS UP BALLOTS

Late arriving sample ballots will be a thing of the past if a bill introduced in the House of Representatives this week by Congressman Charles S. Gubser (R-Gilroy) becomes law. The Gilroy Congressman offered a bill which would require the Post Office Department to forward official sample ballots under the same priority given first class mail. Sample ballots are now mailed under third class permits which carry no forwarding privilege.

Post Office Puts Out Notices On Building Bids

On display this week at the Campbell post office, the City Hall and the Chamber of Commerce office were the plans for the new Campbell post office which will be located on N. First St. and E. Campbell Ave.

The plans were issued with the announcement by the Post Office Department that competitive bids were desired for a new post office building containing approximately 6000 square feet on a five or 10 year lease. The department holds an assignable option (obtained from Henry Jewell and Oliver Jensen of Campbell) for the proposed location which contains 11,375 square feet with a sale price of $18,500. Closing date for bids is July 9, 1957.

The announcement by the Post Office Department was made by Verne Scoggins, regional director. Prospective bidders were asked to contact F. J. Dempsey, postal inspector in San Francisco.

The announcement by the Post Office Department thus closes another chapter in the long-drawn out search for a suitable site for a new office that would provide approximately three times the present floor space.

It marks the second calling for bids. The first for a post office to be located on Central Ave., was called back when it was determined that public opinion was against that location and the old Methodist Church property purchased by Jensen and Jewell, had become available.

Council, Schools Disagree On Cops

Campbell high school trustees and Campbell's City Council don't see eye to eye on the question of additional police protection at the high school.

This was apparent recently when the City Fathers "unfavorably received" the suggestion made by the high school trustees that the district would be willing to foot the bill for Campbell police to "work" the campus in their time off in an effort to curtail some of the alleged violations of the youngsters which has worried the City officials.

The suggestion of the trustees was the outcome of a recent conference between city officals and trustees in which ways were discussed to keep the students more or less in line especially during the noon hour so that it would not be necessary to "close the campus".

Councilmen felt that it would be impossible for the local police officers "to serve two masters" and the board's suggestion was no solution.

Church to Hold Rummage Sale

The First Methodist Church will hold a rummage sale at its old location on E. Campbell Ave. and First Street Friday and Saturday, May 17 and 18, from 10 a.m. to 4 p.m.

Articles left over from last Saturday's auction sale will be offered as well as additional ones.

RAIN DROPS

Rainfall this week totaled .25 inches to bring the total for the season to 11.63 inches compared to 21.25 inches at this time last year, according to the rain guage of the Campbell Water Co. Normal rainfall is 14 inches.

Father of Six Dies of Injuries

Graveside services were conducted at Golden Gate National Cemetery Wednesday for Sidney O. Sowers, 32, of 310 S. Winchester Road, the father of six children, who died Friday of injuries received when a tractor he was operating fell on him. Funeral services were held Monday at Place Funeral Home in Los Gatos.

Sowers, an employee of Pick Laboratories near Saratoga, was attempting to back a tractor from a trailer when it overturned on him crushing the lower half of his body. He remained conscious the entire time he was trapped and directed his own rescue. Taken to O'Connor Hospital, he died a few hours later.

He leaves his widow and six children ranging in age from 2 to 10 years.

Friends and neighbors this week were cooperating in an effort to give the bereaved family a helping hand. Others desiring to come to their aid may call FR 8-7346 to learn in what way they can be of assistance.

Frank Cutting's Hawaiian Sojourn Produces 18 New Oil Paintings

Campbell's noted artist, Frank Cutting of 125 Harrison Street, has returned home with 18 new oil paintings made while on a month-long visit to the Hawaiian Islands. Not all of the canvases are finished, Cutting said, most of them still need a little detail work which can be done at leisure.

He and his wife, Clara, flew the Pacific last month in search of new subjects to paint and to see their grandchildren, Mr. and Mrs. Charles Cutting, and 18 month old great granddaughter, Susan, who live on the island of Oahu.

Most of Cutting's paintings were made on the island of Oahu but some are of the small island Kauai which he considers the most picturesque of all.

"The Islands are very beautiful", he declared, "but no more beautiful than home; it's just a different kind of scenery. The vegetation, colors and rock formations are all different from ours and I believed they would make interesting subjects."

Beside the oils, he has a notebook full of pencil sketches of natives at work and play which he plans to work into additional paintings.

His quiet seascapes capture the peculiar blue-green iridescent quality of the surf with its undertones of coral and mauve, and lush green foliage near the beaches; a definite change from his Pacific coast scenes.

Inland, he said, he found and weather swiftly changeable and often cloudy. Some of his pastoral scenes of valleys and low mountains show the volcanic peaks through feathery wisps of clouds. A few were painted at twilight, others in brilliant sunlings.

Cutting's intentions are to incorporate the best features of Hawaii into one or two composite pictures before offering his collection for sale. —V. F.

LOTS OF MAIL . . . Congressman Charles S. Gubser (right) registers amazement at the sackful of constituent mail placed on his Washington desk by his administrative assistant, Miss Jean Gordon of San Jose. Size of his daily mailsack has promped the Congressman to make a public appearance at the Montgomery Theatre, San Jose on May 23 to discuss Congressional problems with his constituents.

Recital to Benefit Children's Camp

With colorful dance numbers, more than 100 girls from three to twenty-five years of age will give a recital Friday evening, May 17, and Sunday afternoon, May 19, in Montgomery Theater, at San Jose Civic Auditorium. All proceeds will go to help maintain a summer camp for crippled children of Santa Clara County.

Friday night's performance will begin at 8 p.m. and the Sunday matinee at 2:30 p.m.

Epsilon Nu Chapter, Delta Theta Tau Sorority, sponsor of the benefit performances, is working with the Crippled Children's Society and is especially interested in supporting the new Easter Seal summer camp near Stevens Creek reservoir. This camp, which will be in full operation this summer, is the only outdoor facility of its kind in northern California conducted exclusively for crippled children.

Mrs. Fred H. Gilbreath and Miss Glenna Bell Moenning, cochairmen of the recital, urged all persons interested in the work being done for children with cerebral palsy and other types of disability to support the project by attending one of the performances.

Bon Voyage Party Honors Navy Wife

Mrs. Barbara (Harbick) Wonacott was honoree at a Bon Voyage party given by her mother-in-law, Mrs. Opal Wonacott of 75 Lester Drive, on Tuesday, May 7. She sailed Monday on the USS Barrett for the Phillipine Islands where she will join her husband who is stationed at Sangley Point Naval Base.

Table decor carried out the party theme will small sail boats encircling a low bowl of flowers and the place of the honoree marked by a sailor figurine waiting under a miniature palm tree.

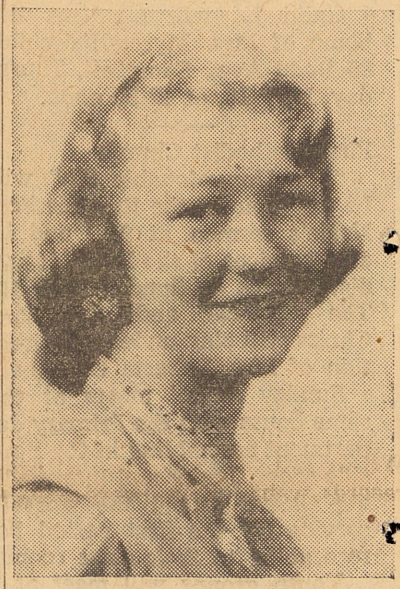
Attending the party were Tab Harbick, Jo Wonacott, Dorothy Cagle, Mavis Dulich, Bonnie Siedel, Ann Shopshire, and Jeanne Addington.

CAMP FIRE GROUP GOES ON OUTING

O-Ki-Ci-Ya-Pi Group, sixth grade Camp Fire Girls of St. Lucy's School, recently spent the day at Alum Rock Park working on its Trail Seeker rank.

The girls visited the zoo, hiked on the back trails and finished their day with a wiener roast.

On the outing were Diane DeKinder, Pamela Bartlin, Karen Duffy, Christine Ahearn, Loretta Starkey, Francine Wood, Janet Colla, Susan Bowles, Suzanne Mir, Joanne Leco, Elaine Mazeta, and Catherine Pestrino. Mrs. Duffy, their leader, and Mrs. Starkey co-leader, were assisted with transportation by Mrs. Wood.



ENGAGED . . . Mr. and Mrs. Vic Mason, 481 N. Milton, announced the engagement of their daughter, Mary Ellen, to James B. Kirkland, USN, of Tallico Plains, Tennessee, at a gathering of friends and relatives in their home on Sunday, May 5. Buc Track Team Places Second In SCVAL Finals

Campbell's varsity track team failed in its bid to keep the SCVAL Championship last Friday as Fremont's Indians beat the second place Buccaneers 50-43.

Fremont's margin of victory came in the hop-step jump event, where tribe athletes finished 1-2-3 for 16 points. The SCVAL is one of two leagues in the entire state which includes this event. In any other league, Campbell would have won and Fremont been a distant fourth.

Fremont's only first place was in the hop-step as compared to three firsts by Campbell, in the relay, shot put, and discus.

Jerry Shenefiel was the come-through man for Coach Priddy's team. Shenefiel was second in the 100 and ran the first leg of the relay, where he picked up a five yard lead.

Monty Nielsen took third in both sprints, Greg Hoffman was third in the 880, and LeRoy States fourth in the mile for Campbell running event points.

Dick Tuttle tied for third in the pole vault for the only field event points the Bucs were able to gather, except for the weight events.

Campbell places:

100—Shenefiel (second) Nielsen (third)

220—Nielsen (third)

880—Hoffman (third)

mile—States (fourth)

relay—Campbell (Shenefiel, Martinez, Alvarez, Nielsen) first.

Pole vault—Tuttle (tie third)

shot put—Profit (first)

discus—Profit (first)

High Jump: Dunham (Cy) tie for second Skilman (R) Stein (Mo) Kavin (H) Bryant (CL) Brindal (CE) 4' 2" (new record) all ties at 4' 1" broke old record of 4' ½"

Broad Jump: Pierce (H) Langford (CL) Skillman (R) 13' 11"

LOW DOWN ON SPORTS

Hard Tops Rained Out

The San Jose and Alviso Speedways were rained out Saturday. They will race again next Saturday.

New Addition

Every week from now on I am going to pick two players from each league and give you special write ups on their careers.

Ken Boyer

3B—St. Louis Cardinals

Ken had a great sophomore year in 56 placing just behind Stan Musial in Cards R. B. I.'s, homers and hits. He also led the 3rd sackers in assists and double plays last year.

In his first All Star game, Ken was batting and fielding star for the National League getting three hits and making three great plays at 3rd.

Major League Batting Record—2 years—297 games—At Bat 1125—Runs 169—Hits 322, 44 H.R..—Avg. 286.

Brooks Lawrence

Pitcher—Cincinnati Redlegs

Brooks started the '56 season like a house afire, with a winning streak of 13 games. He hurled a neat two hitter against Brooklyn and another two hitter against the Cubs. His favorite victims for '56 were Chicago and the Pirates. He compiled a 9-2 record at their expense, and held winning records against the Dodgers and Philadelphia Phils.

Major League Totals—3 years—games 130—Wins 37—Losses 24 ERA 4.42.

Lou Shizas

Outfield—Kansas City A's

An early season trade brought Lou to the A's last year and he came on to lead the A's outfielders in hitting. Originally in the Yankee chain, Lou started as an infielder, but was switched to fly-catching. He just missed the American A'ssn Batting Crown in '55 because he lacked the 24 At Bats needed for the title.

Major League totals—1 year—89 games—303 A. B.—95 Hits—11 H.R—Avg. 314.

Tommy Carroll

SS—New York Giants

Tommy was such a sensational prospect while at Notre Dame that the Yanks gave him a $40,000 bouns to sign in '54. He is learning the "ins" and "outs" of Major league ball gradually, being used as a pinch runner and part-time batter. Not a long ball hitter Tommy can spray base hits and once he is on base, he uses his speed to make life miserable for opposing fielders. During the off season, Tommy continues his studies at Notre Dame.

Major League Totals—2 years—50 games—23 AB— 14 runs—8 Hits—HR—0—Avg. 348.

Lavagetto New Senate Manager

Cookie Lavagetto who was once coach for the Oakland Oaks, was named the manager for the Washingotn Senators. He replaces Chuck Dressen.

Cincinnati Redlegs

The Cincinnati Redlegs won 12 games in a row—ten of them in the eastern series—for the first time since 1940 when they won the pennant. This may mean they will come through for my prediction this year.

Herb Score

This coming week should tell if Herb Score, young Yankee pitcher, eye will be in condition to continue his career. Score was struck by a line drive from Gil McDougall's bat. We wish him luck as he has overcome many obstacles. At 3 years he had both legs fractured when hit by a truck; he has had pneumonia, rheumatic fever, broken ankle along with all his childhood illnesses. In '53 he fell on his left shoulder separating his collar bone from the shoulder, and it was thought his pitching days were over. He has come through all this to make a great record. Last year he won 20—lost 8 lowered his ERA to 2.53 and fanned 263 batters in 249 innings Let's wish him the best.

Bucs Win North Coast Swim Title

Campbell High won North Coast Section swimming championship Saturday after winning the Santa Clara Valley Athletic League crown the previous week. The SCVAL title is the first swimming championship won by the local schools as was the NCS deal.

Coach Len Scroggins' swimmers picked up 34 points to win the NCS at the meet held at Santa Clara. The Bucs edged Acalenes by two points, the winner last year and the team favored to win this year.

Records were shattered in every event with George Harrison, of Acalanes, member of U. S. Olympic team, breaking the national record in two events himself, the 100- yard breast stroke and the 150-yard individual medley.

Coach Scroggins masterminded his team to the NCS championship when he allowed his star Steve Skold to enter the relays instead of individual events. Each swimmer could only enter two events. The coach figured that the extra points gained by a relay win would put his team across and it did.

Campbell won the medley relay and set a NCS record doing it at 1:51.3. On the team were Jim Mitchell, Jim Omura, Steve Skold and Bill Duncan.

With 12 minutes rest Skold and Bill Duncan came back with John Duncan and Dave Andre to beat out Bellarmine's All-American relay team in the 200-yard free style relay. The winning time was 1:38.3

Picking up the other points for the Bucs were John Duncan who took third in the 200 free style, Chuck Ivie sixth in the diving and Jim Mitchell who placed sixth in the 100-yard back stroke.

Frosh-Soph Baseballers Split Two During Week

Campbell High Frosh-Soph baseballers split two games last week. They dropped the Tuesday game to Fremont by the score of 5 to 4, and then shut out Sunnyvale 3 to 0 on Thursday.

Walks and errors were again the downfall of the locals. Fremont only had two hits in the game and all the runs were unearned. Kanemoto scored two runs on two hits while Papa and Lujan scored one. The Bucs let three men die on the bases in the last of the seventh.

On Thursday the Bucs played the best game of the year according to Lou Marotti. Pitching careful and tight ball, Gary Brown of the Bucs went the entire seven innings and only allowed four hits, struck out two, and walked none. The Bucs meanwhile batted in three runs off six hits.

The most noticeable achievement was there was only one marker in the error column. Kanemoto scored one and had one hit. Corbus and Williamson also scored, the latter after singling. Other singles were garnered by Whitewing, Gianneto, and Waters.

Old Settlers' Days Parade Moves Out 2:00 p.m. Sunday

Out of the Past: In 1932 Program Honors Washington

This year marks the 65th annual celebration of Old Settlers' Day in Campbell. For the last few years the big event, the second oldest in the state, has taken place in May (this year this weekend, May 17-18-19) but during its early history it took place on Washington's Birthday, February 22.

In 1932, the 200th anniversary of George Washington's birthday, and the 38th Annual Old Settlers Day, the participants donned colonial costumes in honor of the country's first president. That year marked another milestone, a redwood tree was planted in the yard of the Campbell Grammar School.

The Chamber of Commerce also sponsored the event in 1932 and Herb Shadle, 166 E. Alice Way, was the president and chairman of the tree-planting ceremony. From Herb's scrap-book the above picture was obtained. Mrs. Shadle, (who incidentally won the prize for the best-dressed colonial woman) is standing by the tree. On the left is Herb decked out in the garb of a well-dressed colonial gentleman. (They also won the prize for the best-dressed couple a the colonial dance proceeding the big day)

Herb, who is chairman this year of the old settlers welcome committee, recalls that William Sherman, police commissioner of San Francisco at that time and past state master of the Masonic lodge, wielded the shovel for the tree-planting which was the same shovel that President Theodore Roosevelt used in 1902 when he planted the famous Roosevelt Redwood in Campbell. The shovel suitably inscribed is now on display at the high school. Sherman had also laid the cornerstone of the present grammar school building in 1922, 10 years before.

Old Settlers' Day that year included a parade in which the floats in the parade depicted phases of Washington's life. Most of the marchers were also colonial-costumed.

The speaker of the day was Dr. Oswald G. McCall who orated on "Silhouette Against the Dawn" in describing the character of George Washington. The late Rev. J. H. Bennett, in whose memory a hall is being constructed on the grounds of the Congregational Church delivered the benediction at the ceremony which marked the end of Old Settlers Day, 1932.

Mrs. R. B. Edwards of 1175 E. Campbell Ave. is justly proud of the snowball bushes she grows in her garden. Recently she brought the Press a huge bouquet of the white blossoms and, upon measuring, some of the balls were found to measure six inches across. She says the bushes are imports from Iowa and in six years have grown to a height of nine feet.

Alcazar Presents 'The Apple Cart' Starting May 21

"The Apple Cart", which comes to the Alcazar Theatre for three weeks only starting Tuesday evening May 21, and starring Maurice Evans, is one of Bernard Shaw's most brilliant comedies.

In contrast to such other Shaw standbys that are given every few years on Broadway, such as "Candida", "Man and Superman", "The Doctor's Dilemma", "Arms and the Man", and "The Devils Disciple", a production of "The Apple Cart", is a rare occasion. This is its first time here with a New York Production and Broadway cast. The comedy of kingship was written in 1929 when Shaw was 73 years old. It was then subtitled "a political extravaganza" because it was set far off in the future, in 1964. By now this far off future time is just around the corner, but the play's topicality has only increased in the interim.

The action takes place at some unspecified future time and revolves around a King of England, named Magnus, in say 1980. A suave, intelligent, witty and urban man, he resists the pressure of his cabinet to reduce him to being more of a rubber-stamp and puppet than previous British monarchs of this century have been. He cleverly maneuvers to beat the ultimatum of the cabinet to get him out of active politics so they can run the show for the benefit of a plutocracy without interference from the King, who stands above any single interest in the nation.

Signe Hasso co-stars with Maurice Evans and they, in turn, are supported by the New York cast including Charles Carson, Mercer McLeod, Margot Stevenson, Hal Burdick, Betty Sinclair, Edward Harvey, George Turner, Charles Francis, Jack Livesey, Hazel Jones, William Jackson, Joseph Ruskin, and Mary Bartlett.

Agency Seeking Catholic Parents For Children

March!, the Bay Area adoptive home-recruiting agency, this week issued a special call to Catholic residents of the seven neighboring counties for adoptive applicants for children of Spanish-American ancestry.

Although more than 500 couples have asked to adopt children for whom March! is seeking parents, Louis A. Ruybalid, field representative for the agency, said more Catholic homes are needed for Spanish-American children ranging from infancy through teens. The children, most of whom are in temporary foster homes awaiting adoption, are under care of licensed adoption agencies in Santa Clara, and surrounding counties.

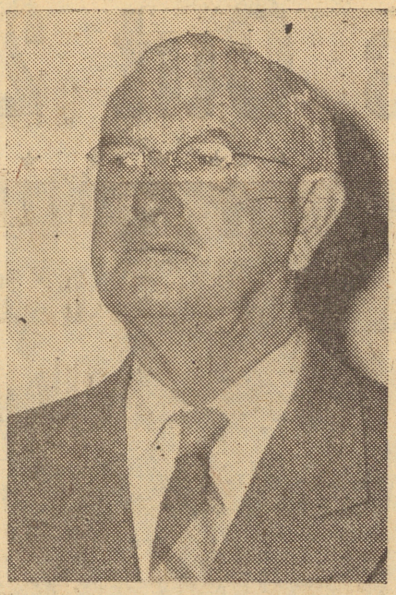
These children need Catholic parents, within reasonable age limits, Ruybalid said, so they can be assured of permanent care by their adoptive parents for as long as is necessary.

Most agencies cooperating in the March! project, feel a mother adopting an infant should not be more than 38 or 40 and the father not more than 45. However, exceptions are made when it appears to be for the best interests of the child.

Many toddlers and school age children are available to couples beyond the age limits for adopting infants, Ruybalid added.

The main requirement, he said, is a reasonable, average amount of security and an adequate standard of living. There are no specific requirements for income, savings, or home ownership.

Catholic families interested in discussing adoption of these children are asked to contact Mrs. John A. Goetz of Los Gatos, EL 4-8134, county chairman for March!; or Louis Ruybalid, 1367 Post Street, San Francisco, OR 3-4976.



HEADS RED CROSS . . . Major Howard Lillingston, 524 Old Orchard Road, has been re-elected president of the Campbell branch of the American Red Cross, headquarters announced this week. He plans to handle all community home service through his Campbell office at 19 S. First Street which will be staffed a part of every day. Mrs. Georgene Dodd, 1765 Patio Drive, is chairman of the Home Service committee.

The production is being staged and directed by F. Nicholas Lickwar. Musical director is Dr. Chester W. Mason and settings are by Leon Magoon.

Chamber Endorses Civic Bonds to Get Improvements

Campbell Chamber of Commerce directors "officially" reported to the City Council recently that the Chamber had endorsed a bond issue that would finance the civic improvements needed for the City.

In a letter to the Council signed by Douglas Beatty, president and Sam P. Cava, secretary-manager, the Directors asserted the Chamber was willing to take an active part in an all-out effort to assure the success of the overall program.

The Directors listed in order of priority the improvements needed: (1) street improvements; (2) storm drains; (3) new firehouses; (4) recreational parks; (5) corporation yard; (6) a revolving fund. The Directors also added that it felt that plans should be made to expand the municipal services out of annual revenue and these should include fire department, police department, street maintenance and street sweeping.

The Chamber of Commerce officials reported that it was felt that these improvements were necessary if the City of Campbell was to keep pace with other Santa Clara County cities.

The C. of C. emphasized that the organization had great faith in the community and that during the past year the Chamber had undertaken the job of obtaining additional territory by annexation to the City and had conducted a campaign to induce industries to locate here.

The City Council took no official action on the letter.

Vaccine Shortage Forces County to Postpone Shots

Forced postponement of the second polio innoculation will not appreciably lower the effectiveness of the first, the Santa Clara County Health Department said this week.

Vaccine shortage has forced postponement of the county's public clinics and curtailed the supply to private physicians. It is estimated that nearly 60,000 persons, mostly adults, are between the first and second innoculations.

Dr. Elwyn Turner, director of Public Health, said although it is recommended that the second injection be received four to six weeks after the first, as much as 12 months may elapse before the series must be started over again. The third injection should be received not less than seven months after the second for maximum booster effect.

Dr. Turner said he could not stress strongly enough the importance of polio vaccination before vacation and urged all residents under 40 years of age to get their shots as soon as the vaccine becomes available, either at public clinics or from private physicians.

A series of three injections is necessary for effective and lasting protection against paralytic polio, but two shots will give partial immunity.

Santa's Village To Open on Memorial Day

Santa's Village, a million-dollar storybook town on state Highway 17, near Santa Cruz, will open to the public on Memorial Day, May 30.

On any visit to Santa's Village, adults should be accompanied by small children because it is a whimsical fantasyland complete with toy factory, doll factory, Santa's workshop, Mrs. Claus' kitchen, a gingerbread house, a lollypop tree, and dozens of other features right out of the pages of a storybook.

Youngsters will find delight in Santa's reindeer ride, with a huge 20-passenger sleigh pulled by a team of real Arctic reindeer taking them for a ride through the enchanted forest. Or, they'll enjoy a magic train ride, or a burro ride through the woods that surround Santa's home, and even find a tree house high up in a redwood into which they can climb and then slide down to the ground on a long chute.

Santa's Village is made for children, but Mom and Pop will enjoy it too.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

In an obscure post office building at Silver Spring, Maryland, just outside Washington, a small flickering light may eventually brighten to lead us out of the "postal backwoods" into modern day efficiency and economy.

As a member of the House Post Office and Civil Service Committee, two years ago I inspected methods used by foreign post offices in handling mail. Particularly impressed with the Dutch post offices and their automatic equipment, I came back to the United States firmly resolved to do something about our "horse and buggy methods" which have left the technique of handling mail virtually unchanged while industry underwent a tremendous industrial revolution.

Dutch officials have built machines which automatically turn letters so that stamps are in the upper right hand corner and cancel the stamps at the rate of 16,000 per hour—all without the use of human hands! From this "facing" machine the letters automatically travel to a "Transorma" where, with just five employees, 16,800 letters per hour are sorted into 300 different bins representing points of destination or delivery. In Holland I saw five men doing the job which would require 50 in a U. S. post office.

Perhaps it was an obsession but I immediately started a king size campaign to at least try the same principles here in this country. Postmaster General Summerfield always on the alert for improvements was interested. Dutch engineers visited this country and a deal was made.

A few weeks ago in Silver Spring, the first Dutch "Transorma" went into operation by specially trained American postal employees. American postal employees always adept at anything mechanical took to the machine like ducks to water. Under Dutch supervision the machine and those who operated it worked to peak capacity on its first day.

Cost figures will have to be compiled before final evaluation, but postal officials are highly optimistic about the future of the "Transorma". It appears to me that we may finally be getting the Post Office Department on the progress trail toward efficiency and economy and decreased postal deficits.

If this system works, and I am sure it will, it may well be that my trip to Holland was the best investment I've ever made.

San Jose Jaycettes to Sponsor Fashion Tea

A fashion tea, "Shades of Summer", featuring clothes from J. Magnin's, will be presented at Montalvo, Saturday, May 18, at 1 p.m. by San Jose Jaycettes. Proceeds from the affair will go towards support of the children's park which the Junior Chamber of Commerce is developing at the Kelly estate.

Recently christened Happy Hollow, plans call for the playground to be developed similar to Oakland's Fairyland Park and give the children of the San Jose area an uncommercialized park.

For reservations call CH 3-1126, or CY 4-5021.

Every generation laughs at the old fashion, but follows religiously the new.—Thoreau.

"To Honor Those Who Led the Way"

We hope you all enjoy yourselves this weekend at the 65th Annual Old Settlers Day celebration.

Actually there is no reason why you shouldn't.

It will give you an excellent opportunity to meet your friends and neighbors, both old-timers and newcomers and, at the same time, there will be entertainment that we know you will enjoy.

You are bound to get a bang out of the old-time "mellodrammer" that will open the festivities tomorrow night and will be staged again as a matinee performance on Saturday.

We think the title alone of this production of the Footlighters, "Caught in the Villian's Web or More Sinned Against than Sinning" is intriguing enough to warrant your attendance. We hope you all turn out and boo and hiss to your heart's content.

As an added feature for Friday night will be the coronation of the queen. The girl chosen receives the crown for selling the most tickets to the play.

On Saturday night, a square dance will take place in the parking lot of Lee Bros. and we are certain that those who attend this affair will have a grand time.

The climax, of course, to the big weekend will be the traditional Old Settlers' Day parade on Sunday afternoon.

There are more entries for the parade than ever before. There will be more musical organizations and more floats.

It will be a fitting conclusion to an outstanding event in which all residents of this community, new old or indifferent, can take justifable pride.

It is a traditional affair, the second oldest in the state, and has built up on enviable background that places it among the most outstanding events of its kind.

It was established to honor the old settlers of this area and the theme, "to honor those who led the way" marks the celebration this year and some 150 old-timers will be honored as special guests.

Yet, to us, the important point of it all is that it does give the newcomers a chance to meet the old-timers on a common ground, for both should have the same pride in their community.

Community pride should not be measured in years but we think basic theme of Old Settlers Day should never be forgotten.

"Welcome, Old Settlers" and "Hi There, Newcomer" . . . or better yet . . . "Hi, Neighbor.

"SUBVERSIVE?" Let's Look Again

In a lengthy letter to the City Council last week the West Valley Post No. 158, American Legion accused the City of "subversive" tactics and "political gerrymandering" in the annexation program for the area south of town.

In our opinion the Legion has been carried away with a false concept of its self-importance and has carelessly tossed around some adjectives without giving due consideration to their meaning.

Granted that the term "subversive" has enjoyed quite common usage in recent years among Legionaires, generally when it has been used it has had a different connotation.

We think in this case the local Legion was merely trying to emphasize a point and its choice of words was pretty careless.

It hardly makes sense, if one gives it any considered thought, that the City Council would go to the bother to annex 200 acres in a series of a half dozen or so annexations in order to slap the Legion which owns slightly less than two acres.

That is, in effect, what the Legion has accused the Campbell City Council of doing.

The accusation falls even more flat when the record shows that the City's annexation program was well under way before the Legion purchased its two acres.

Come, fellows, let's get down off that throne and have another look.

Over the Years

By John D. Blaine

With Old Settlers' Day coming up it is fitting that we have here an old settler theme. And again I look back over the years to when in 1887 as a boy of 13 I first saw Campbell, then called Campbell Station.

I have told about the small business section of blacksmith shop, general store, post-office and fruit dryer. This time the talk will be about what most concerns us just now, public gatherings.

The first public gathering I saw in Campbell was in Campbell Hall, a building between the blacksmith shop and the general store and about where our bank is now. It was a fairly large, plain, gable roof building high off the ground with a landing before the double doors.

It had been put up by Campbell Hall Association, a cooperative stock company organized simply for the good of the community, which as yet had no other public building. On Sundays church people held union services here and union Sunday School.

Our family had arrived from the "East"—everywhere east of California was in those days called "East" here — on the last Sunday in October. On a Sunday in November my boyish curiosity took me to Campbell Hall to see what I might see.

I was interested neither in church nor in Sunday School, having graduated from both in the East by rebellion against compulsion, so I could do on Sunday as I pleased. This Sunday I pleased to see Campbell people. Perhaps 150 were there, some from far around, all ages from infants in arms to grandparents.

Of course I looked for the girls. Curiously, the only girl I distinctly remember—or perhaps not curiously—was the one I eventually married, a granddaughter of Benjamin Campbell, founder of the town.

Of the men I recall only one, F. M. Righter, a school principal turned fruit grower and eventually prominent in most of of our public affairs. Of the women I also remember only one, Mrs. Moulton, wife of a pioneer fruit grower and dryer. She taught our boys' class and assured us that we would grow up to be very wonderful.

Memory jumps to a Fourth of July when I was about 18. We celebrated at the plant of Campbell Fruit Growers' Union, organized to take over the original fruit dryer. The part that I recall most distinctly was an informal baseball game. And a baseball game of married men vs. single men, was a feature of our Old Settlers' Day celebrations for years, But I doubt is anyone else is living among the older folk who took part in them.

Memory of them means much to me because I have taken an active interest in the sports of this community for at least 64 years, and play tennis at age 82.

Memory jumps to a very significant gathering in Sutter Hall, south-east corner of Campbell and Central, years ago torn down. There was a dinner with after-dinner speaking. Among the speakers was Mr. Bohnett, pioneer farmer of Cambrian area, father of Karl of Campbell and L. D., attorney, of San Jose.

Mr. Bohnett told of the sudden and dramatic change from wheat growing to fruit growing. For wheat the land was cropped out and the farmers were going broke. Then discovery of the land value for fruit put the farmers in the money again.

Memory jumps to the Old Settlers' Day celebrations in Ainsley's cannery, where they were held for years and years, were very neighborly and most enjoyable. Few of the very old old settlers are left to remember these.

Memory jumps to our few and forgotten town picnics. They happened in this way. The church Sunday Schools would decide on their separate spring picnics. Then a few business men would persuade those interested to hold the picnics on the same day, then persuade those interested to hold the picnics on the same day, then persuade all the businesses of the town to close.

We usually chartered Interurban cars and went to Congress Springs. There we had a grand time with lunch, hiking, and informal contests; foot racing, tug-of-war, and what not.

I was interested in the letter from the daughter of a traveling salesman who had lived in 40 states. She commented somewhat adversely on some Old Settles' Day features. For far more years than she is years old I have lived in one state and in it one spot. And I thank her for stirring me up to write this column on this subject, community celebrations and gatherings in general.

Though I have not been personally as active in ours as have some folk, I think these celebrations and community gatherings are priceless. They have been typical of strong, well-knit communities in all ages. They are immeasurably worth more than their cost.

Once in a while that dread of all newspapers, the typographical error, does no damage other than to pride. But there are other times when a typo can really raise havoc with all concerned.

As you may well imagine there have been some dillies occur in the newspapers from time to time. And the Campbell Press is no exception, although we have been pretty fortunate in this regard.

It is amazing how some of these errors sneak by no matter how hard we try to beat them.

For example, last week a mistake popped up in the Lederman Florist advertisement which caused considerable mirth from those who read it and fortunately it did not do any irreparable damage.

In fact, Leon Lederman took it very graciously after, of course, being certain that the ad department wore the appropriate red faces for a time.

In the Lederman ad, featuring floral bouquets for Mother's Day the copy should have read: "Mother would **LOVE** to get a FLORAL BOUQUET" but it came out: "Mother would **LIVE** to get a FLORAL BOUQUET."

The Ledermans reported that they received so many calls referring to the "LIVE" instead of "LOVE" that they told Joe they might even consider making an intentional error once in a while in the future.

That will be fine but, brother, be sure we know about it beforehand.

We still haven't any ulcers. And we want to stay thataway.

—o—

We are certainly appreciative of Stevie and Cathy Story's contribution to our own "Bring Back the Chinese Girls" Fund which we instigated in one of our more expansive moments. Eight-year old Stevie brought in two dollars that he and his sister had saved from their allowance because he said they liked a parade and they thought the little Chinese Girls drum corps would help to make the Old Settlers Day parade real good.

Stevie, we just have to make a confession. We, too, like parades and that is the main reason we became to big-hearted and offered to finance the trip back here of the little Chinese gals drum corps from San Francisco. We underwrote the cost of the bus trip and the meals and sorta figured we could get some help from others along the line.

Steven and Cathy's parents, Mr. and Mrs. Harry Story, added a $10 check to the cause so the load will be that much lighter.

—o—

We also wish to acknowledge a $5 donation to our cause from Cliff and Alma Moore, of 130 S. Milton. They also agree that the Chinese girls add the needed color to the parade and they happen to know what they are talking about.

The Moores are members of the Piedmont Parlor, Native Sons of the Golden West drum and bugle corps and have marched in parades with the Chinese girls and they think the little gals are tops.

Thanks, folks.

We betcha there will be plenty others on our side this Sunday afternoon when they see that colorful bunch of little Chinese girls marching in the 65th Annual Old Settlers Day parade.

—o—

We wonder how many others in town have been bothered and somewhat disturbed by receiving those official looking government-type envelopes similar to that received recently by Mrs. S. H. Farmer on Hawthorne Ave.

Inside the brown envelope (complete with window), reposed a card punched in the approved IBM style and on which the addressee was asked to answer a number of personal questions pertaining to another party. To make matters really "official", "immediate reply" was also requested.

The self- addressed envelope inside in Mrs. Farmer's case was also very imposing. It was to be sent to N. R. C., Washington, D. C.

We learned also that others had received similar letters from time to time but with the requested reply to be sent to another "agency" in Washington, D. C.

It could be possible that the "agencies" are legitimate. We haven't bothered to find out. But we see no reason for those getting the darn things to reply unless they know something more about from whence they came.

—o—

Even if those sending them out are ok., we still don't like the idea of making them look so darn official and scaring recipients into thinking that Uncle Sam was after them for something or other.

All the envelopes in question that we know about carried a cancelled postage stamp which is something, of course, that no federal government agency has to worry about. This indicated to us for sure that they have no relation to Uncle Sam.

In this day and age we get so many really official notices from governmental agencies, that it is easy to lose one or two in the shuffle. So it is unfair, to our way of thinking, to take advantage of the situation in this manner.

—o—

We have to give credit to Nestor Barrett, Campbell planning consultant, for making a quotable quote at a recent Planning Commission meeting.

It was at the tail-end of the long drawn out discussion on the request of Joe Dahl for a zone change on his property. The Commissioners had left the subject for the moment.

"Have we disposed of Mr. Dahl?" Nestor asked the Commissioners.

After suitable asides as to whether they were morticians or planners the matter was settled to the satisfaction of all concerned.

—o—

So with that thought we "dispose" of this column this week Happy OLD Settlers Day!!

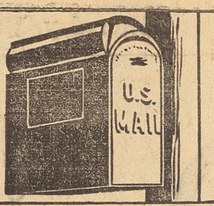
LETTERS TO THE EDITOR...



WE NEED MORE "SCHANKS"

Editor,
The Campbell Press
Sir:

Read with much pleasure and amusement "Schank" letter in last week's editorial. I too missed that article of "withering". Not because I've lost interest, but say neglect on my part.

Another article below her letter which was most inspiring was "Adult Education Strengthens the Community", which I am 100% for. Have been attending Los Gatos Adult Ed. while living on Saratoga Ave. Taking 2 or 3 different subjects. It keeps me alive again, after raising 3 daughters, the last soon to graduate in another year. The older one teaching school in Tacoma, Wash.

I am for everything that smells or breathes education and higher education. Not only that but interest in Civic development. And the children and young people of a community or any community for we lived 31 years in the same town, not much bigger than Campbell.

My husband was on the City Council 4 years, and we were in business, so we are interested in the development, and feel it our responsibility to belong to such a beautiful City and Santa Clara County Valley.

I have been thinking and looking and pricing around the stores about "what best interest can we do to help on entertain our children and teenagers this summer. If you say you are a grandmother and don't have any interest in them, wait till they start pulling up your flowers and running around your shrubs to play hide and go-seek or some other game, climbing your fences and etc.

Wouldn't a playground (a supervised one) be better. With tennis net (cost for net in store is $30.00). Bought through a school much cheaper. Volley ball, table tennis, badminton, basket ball. Balls and bats, pewee games, fish poles.

Mrs. Schank shouldn't be ashamed alone. Shame on all of us for letting an opportunity go by without helping out for a park, although we have been here but two short years. The shortest years of our lives. Altho my husband and I at the present time are handicapped to do much.

We have found out anything good does not ever come easy we hope by the Grace of God we can overcome these obstacles that are holding us back for a time.

We love the Chinese girls (as well as the black or white) but we love our community ones a bit better because this is where we live to watch them grow up and develop in our own environment.

Where is that park with a wading pool for the small fry? Where, oh, where is that supervised playground, with maybe a paid attendant or a mother taking turns for a day or week?

I'll grant you that everything doesn't come from education alone but maybe many summers and winters (if you call them winters here) do the same for a person.

"Idleness is the devils work shop" so let's find same play shops for our children this summer.

Maybe a sewing room for girls, basket weaving, we have so many talented people here here I've noticed. Skills and arts in drawing.

Ceramics, oh, the line is long So give Mrs. Schank a gold star choose her queen for a day, whatever you do, hope we may have more "Schanks" in our neighborhood.

A mighty fine little paper The Campbell Press is.

Editor's Note: Many of the points raised by Mrs. Killmer in the above letter are answered by the extensive recreation program that is in effect during the summer months under the sponsorship of the school districts. Nevertheless her letter is much appreciated and we extend our thanks to her for the interest shown.—G.V.

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

REMINDERS

1. This is the time to plant Tuberous Begonia plants in those shady places.

2. Polyanthus primroses can be divided at this time.

3. There are a multitude of summer blooming shrubs which can be planted now. Here are a few: Lantana, Raphiolepis, Choisya ternata and Pleroma.

4. The "lowly" Geranium has raised its station. Ask your nurseryman to show you some of the exquisite newer varieties.

5. There are some 1957 Fuchsit introductions which deserve a place in your garden.

Plants For Terrace

Container-gardening in tubs on a terrace or patio offers the great advantage that many plants will grow in this fashion—meaning the field of selection for container-gardening is broad.

Of course, there are many types of plants that are best suited for container cultivation, says the California Association of Nurserymen, but this group includes trees, shrubs, succulents, flowering bushes, bulbs, in other words, just about every type of plant there is.

Especially outstanding in large tubs for a patio when you want some shade provided by growing things are the tree wisteria and the Japanese maple. The tree wisteria (Daubentonia Tripetii) is actually a fast-growing shrub to eight or ten feet in height and six to eight feet in width with fern-like leaves, showy clusters of yellow and orange red flowers from spring through summer, followed by winged pods. The tree wisteria does very well in full sun and high heat; prune in late fall for new flowering wood.

Invaluable in a tub planting, the Japanese maple (Acer palmatum) is an airy and delicate tree to 20 feet providing year round interest. In spring the young growth is scarlet, summer's leaves are green, and in fall the foliage turns scarlet; wintertime brings shades of greens and reds to theleafless branches. The Japanese maple can be grown dwarf and can be pruned for interesting effects.

It it's a temporary garden you want in your terrace or patio tubs try seasonal annuals. For spring, plant cyclamen, violas, daffodils, tulips; in summer and fall, petunias, marigolds and chrysanhemums are very suitable.

Spraying and Fertilizing

The cornerstones on which successful gardening is built are fertilizing and spraying. In fertilizing, the gardener facilitates plant growth by adding to the soil needed nutrients; with spraying he seeks to control pests and diseases that would destroy plant growth.

A fertilizing program must include the application of organic matter and a complete fertilizer containing sufficient amounts of nitrogen, phosphorus and potash. Organic matter, which is lacking most in home gardens, can be supplied with the addition of peat, compost, leaf mold, animal material, kitchen wastes, dead leaves, etc., that will loosen the ground and, in breaking down, contribute essential minerals. Organic matter enables the soil to hold more water and it is the only source of vital humus.

Apply organic matter as mulch around flowers, trees and shrubs where you cannot cultivate; in areas where you can till the soil lay down two or three inches of organic material and over it a complete fertilizer of good grade, 25 to 40 pounds per sqquare foot. Till it doyn to a six or eight inch depth along with the organic debris.

If supplementary feeding is necessary, in the case of iron chlorosis, for instance, you may apply a fertilizer directly on the foliage with a spray or add material to the soil. If supplementary feedings continue to be necessary it would be best to add fertilizers regularly that contain the extra needed minerals in addition to the usual primary essentials, the California Association of Nurserymen recommends.

In maintaining a regular spraying program the gardener will find he has less trouble, pest and disease-wise, if he has organized his planting so that all plants have light and air. A year round program of spraying should include spraying deciduous trees and shrubs to get rid of over-wintering insect eggs and scale insects. A spring spraying before buds open is recommended and disease control in summer can be conducted with the all-purpose dusts and sprays. The worst garden insects during summer and fall can be wiped out with mixtures of malathion, lindane and DDT, for instance. Soil pests can be kept under control with soil dusts that should be worked into the ground before planting and then dusted over the ground once every spring.

New Lawns for Old

A smooth green lawns sets off a house as no other "finishing touch" can, but if your lawn is not a healthy and attractive carpet, now is the time to do something about it. It is possible to renovate a lawn if the trouble isn't a basic fault but if the lawn's unhealthiness is due to bad planting procedures, etc., it is better to start over again.

Begin by preparing the soil; cultivate to a depth of eight inches or so, removing sticks, weeds and other debris. Now, if you wish, you can add a soil conditioner if you're troubled by clay or sandy soils, then smooth over and fill in hte low places. It's a good idea to plan for your lawn to have a gradual decline or pitch to carry off excess water.

Next, roll the seedbed with a handroller, which you can rent at your local nursery, and water to settle the soil. Then spread a complete fertilizer over the bed, using a hopper spreader, which can also be rented at a nursery. The spreader can also be used to apply the seed. Ask your nurseryman for the proper setting of the spreader.

Once seed is down, rake with a leaf rake, first in one direction and then at right angles to this direction. Cover the seed bed with a light mulch of fine horticultural grade peat moss. Roll the seed bed again and wet down with a fine spray. Do not use a sprinkler system or lawn sprinkler until the grass is established.

Continue to spray twice daily making sure the mulch is continuously moist until the grass seed has germinated. In watering do not allow puddles to form. With slow growing grass types, it may be three weeks before the seed is germinated. Once the lawn is up, broad leaf weeds can be controlled with a 2-4D weed killer. Use care in applying to avoid burning the grass.

Mow your lawn when the grass is two inches high, being certain to use a sharp mower so as not to mangle or pull up the grass by the roots.

Once your lawn is established, regular watering, mowing and feeding will keep it a handsome, healthy green. Begin your watering pattern correctly by watering deeply and at intervals to encourage deep roots. Water penetration will vary according to soil.

A feeding program that includes a complete commercial fertilizer every two or three months, nitrogenous fertilizer every month and a complete chemical fertilizer twice a year is recommended by the California Association of Nurserymen.

Mow the lawn when it becomes shaggy; this interval will vary upon the type of grass, the season, climate, feeding and wateering schedule. Be careful not to cut the grass too short for then the sun can get at its roots and burn it a little. Water the lawn after mowing so the cut spears do not dry out too fast.

County Planner Discusses Highway Problems at Rotary

"Highways of the County" was the subject discussed by Karl J. Belser, director of planning for Santa Clara County, when he addressed the Rotary Club Monday.

Belser said the chief problem in his department is "frustration" because city, county, state, and national interests are often at loggerheads. Another is the "buck passing" that goes on between city, county and state departments. He believes a bill now before the Legislature to force the state to cooperate with local units will help solve this problem.

Concerning highways, Belser said the county has to battle the state program because it does not fit local needs and that construction of 50 miles of freeway planned for the county at a cost of $182,000,000 will take 30 years to build at the present rate of speed and be obsolete years before completion.

A new member introduced to the club was Don Renelle, druggist. Dobie Jeffers was chairman of the day.

County Democrats Gather Tuesday

Democrats of Santa Clara County will join with their fellow party members around the country on Tuesday night, May 21, in celebrating the First National Democratic Party Night. The local festive affair is to be held at Lou's Village, 1465 West San Carlos St., San Jose, starting at 6:30 p.m.

William H. Lawrence, president of the Santa Clara County Democratic Council, and Robert F. Peckham, chairman of the Santa Clara County Democratic Central Committee, are co-chairmen of the event.

Distribution of tickets is now under way, they report, with proceeds from the dinner to be shared by National, State, and Santa Clara County Democratic organizations. A five dollar donation is being asked of each participant. Tickets are available in this area through Roderick W. MacDermott, 453 Komsthoeft or telephone, FRanklin 8-3833.

George Washington served as president of the United States from 1789 to 1797.

Juneau, capital of Alaska, is situated at the base of steep, timbered Mount Juneau and Mount Roberts.
